I dunno. Because people lie for clout sometimes I guess. 🙄 Btw, the Capitol was a staged event, incited by antifa. This is the Reichstag Fire revisited.

Hallmark-grade movie of the event: <https://youtu.be/6c-Dsg4X4Dk>

i listened to him on talk radio as a guest few days ago. he's 100% supportive of us. he said the glowies punching cops first and then smashing windows and destroying shit were a bunch of antifa disguised as us. he said 99% of the people who went inside the capitol were normal MAGA people. he also said the police actually opened the gates and doors and let everybody in.

give him time on his switch to GOP. i bet in a few months he'll go independent when he learns how much TDS there is in the RINO party.

What do you think is currently going on?

Any hope left or is this the beginning of the end of a free country?

I haven't changed. The Democrat Party has changed. It's become a toxic combination of radical leftists and liberal elites that have taken over my former Party. ... They've hijacked the civil rights movement

for money and corrupt political gain.

So he jumps from a sinking ship of a party to a stinking corpse of a party and we're supposed to be impressed?

If he were truly based he'd renounce BOTH parties and say that we need a new party that isn't beholden to a hostile foreign entity.

The fuck? Do you know anything about this guy? He's a "democrat" that got red pillled and has shown up to a ton of rallies in support of Trump. He officially changed his affiliation to Republican (whatever that's worth now) on 1/6 at the capitol. Million times better than a lot of our establishment GOP.
